League of Legends: Wild Rift — dynamic PvP strategy for Android, created for owners of mobile devices. In this game you will pass the same tests as in the classic version of League of Legends. Choose a hero from the characters presented in the game and gather your invincible team that will lead you to victory. Develop your strategy for the game and destroy the enemy nexus for 15-20 minutes, given to you for the battle. Go through exciting and unique missions of the game and try to beat your opponents in any way. Conquer new gorges and climb higher in the leaderboard and achievements. Get bonuses and loot and pump up your team using unique weapons and costumes.

ApkVision.comHow to install League of Legends: Wild RiftThe directory to unpack the cache: /sdcard/Android/obb/com.riotgames.league.wildrift/ 4.50/5 (10 votes) League of Legends Wild Rift latest open beta test is here. LOL Wild Rift is a MOBA 5v5 experience from developer Riot Games. Download from Only4Gamers and enjoy. Description: Dive into Wild Rift: the skills-and-strategy 5v5 MOBA experience of League of Legends by Riot Games, now built from the ground up for mobile. With smooth controls and fast-paced games, you can team up with friends, lock in your champion, and go for the big plays. PLAY TO OUTPLAY Master the Rift and earn your legend with dynamic champs and ever-changing strats. Each game is a chance to land the perfect skill shot, turn the tides in a crazy teamfight, or pull off that sweet, sweet pentakill. COMPETE WITH FRIENDSTeamwork makes the dream work in this mobile MOBA. Whether you're a duo, trio, or full five-stack, you can queue up with your squad and climb the ladder one enemy Nexus at a time. CHOOSE YOUR CHAMPION Dunk on the competition with a giant sword, freeze enemies in their tracks with a cross-the-map ice arrow, or lure opponents to their doom with mesmerizing charm. Whatever you want your legend to be, there's a champ for you. FAIR AND FREE TO PLAYFace off in matches balanced for skill level as well as party size. All champions can be earned for free in Wild Rift, and there's no paying for playtime or power. Ever.Follow for 200IQ gameplay clips, dev and feature updates, and a whole lot more:Instagram: [email protected]Privacy Policy: Terms of Service: Of all the MOBAs out there, possibly the most important, the best of all, is League of Legends. LoL is a success on PC thanks to its 5v5 multiplayer games where action and strategy are combined in equal parts. Wild Rift, the League of Legends for Android Well, its millions of users around the world already have the possibility of downloading LoL for Android. This is League of Legends: Wild Rift, the mobile version of the MOBA par excellence. In it, you'll be able to dive into 5v5 MOBA games of skill and strategy in the style of Riot Games and League of Legends. It doesn't matter what level you have or whether you have played LOL before or not: just form a team among friends and enjoy the controls and quick games with many of the champions and characters already known from the main title. You will be able to get your hands on more than 40. Play with Jinx, Lux, Zed, Miss Fortune, Blitzcrank and Ziggs and unlock dozens more characters from the LOL universe. The game offers a computer-like experience but is adapted to touch devices. That is, five-on-five matches lasting 15-20 minutes in which to confront and destroy your enemies. How? By following these four main objectives: Start by choosing a lane on which to focus your movement. Hunt monsters to help you and get upgrades for your equipment. Destroy enemy towers to advance towards the enemy nexus. Destroy the enemy nexus, their base, before your own base falls. As in most MOBA games, each champion has unique abilities as well as an ultimate ability that can be unlocked throughout the game. As a player, you must empower your champion by gaining experience to level him up and increase his stats. To do this, take down enemy champions, kill minions and monsters and destroy defensive structures. You will encounter assassins, fighters, mages, shooters, supports and tanks of the likes of Ahri, Akali, Darius, Camille, Annie,Fizz, Ashe, Corki, Alistar, Amumu and many more. What's new in the latest version Three new champions: Kassadin, Siôn and Samira Elemental Rift is here to stay. New objects. Sofonic reviewLeague of Legends: Wild Rift is a free strategy mobile video game wherein you compete in teams of five to defeat the other camp. Developed by Riot Games, this is the abridged version of the popular League of Legends game. Here, an all-new map is set for classic fast-paced 5v5 strategic matches. The gameplay is the same as LoL but new features were added in for the enjoyment of both old and new players.Is League of Legends free?League of Legends is a free-to-play multiplayer online battle arena (MOBA) esports video game developed and published by Riot Games. First released in 2009, the game lets you play the role of a Champion, a character with a unique ability. You must work together with other players and Champions in order to defeat the opposing team's Nexus—the structure that each team must protect throughout the match. Similar to other MOBAs, you can select from a huge cast of Champions, all unique in their character stories and skills on the battlefield. LoL became highly popular due to its overall game design, its cool Champion designs with good customization options, and its lively visuals. There are now over a dozen game modes available in the game—most of which are seasonal—and the game itself has seen its fair share of spin-offs.From PC to mobile.League of Legends: Wild Rift isn't exactly a spin-off since it's pretty much the same but there are new features available to make it stand out. For one, the Wild Rift map is a new but familiar 5v5 map based on the original Summoner's Rift—streamlined for faster games and perfect for mobile gaming. There's even a responsive dual-stick control scheme on this version to help you have more accurate control over your movement and skill shots. The familiar cast of 42 Champions in LoL returns here, and the game will slowly bring over other favorites over time. Their unique skins will be available for purchase, which you can enjoy with the all-new 3D model viewer. The Ranked ladder and team co-op with friends return, as well—although you can only unlock Ranked at level 10. Plus, there will be microtransactions but these won't affect any gameplay stats or skills and will be merely for cosmetics. Conquer the riftOverall, League of Legends: Wild Rift is the mobile game for any LoL fans who are getting tired of other MOBAs. It retains some of the beloved features while introducing new ones, and focuses more on faster matches. While it doesn't have a lot of varied game modes to choose from, it still has the same great gameplay mechanics that made LoL a hit game.Gorgeous graphicsStreamlined and faster matchesFamiliar Champions are backA dual-stick controlLeague of Legends: Wild Rift APK for iPhone League of Legends: Wild Rift finally comes to mobile! Download LoL: Wild Rift on mobile without region limit on APKFab. View League of Legends: Wild Rift reviewFeatures:Step into the past-paced 5v5 battles with your friends and destroy the enemy Nexus.Select your character from over 40 different champions including Garen, Jinx Lux and more.Customize your champion with various styles of skins and decorations.Compete in Ranked battles and climb to the leaderboard. Mechanical System 9.0 Game Elements 9.0 Graphics & UI 8.5 Controls 8.7 Music 8.0 Overall Score 8.3 League of Legends (Package Name: com.riotgames.league.wildrift) is developed by Riot Games, Inc and the latest version of League of Legends: Wild Rift 3.4.0.5930 was updated on September 15, 2022. League of Legends: Wild Rift is in the category of Strategy with the feature Action and Multiplayer, etc. You can check all apps from the developer of League of Legends: Wild Rift and find 200 alternative apps to League of Legends: Wild Rift on Android. League of Legends: Wild Rift is listed in Top 10 Games to Meet New Friends. Currently this app is for free. This app can be downloaded on Android 5.0+ on APKFab or Google Play. All APK/XAPK files on APKFab.com are original and 100% safe with fast download. The PvP MOBA gameplay of League of Legends by Riot Games arrives on mobile in League of Legends: Wild Rift!
